ART STORY

Art Story is a social enterprise located in Chisinau, Moldova. They are a part of the NGO "Beginning of Life," and their goal is to create opportunities for women who have suffered injustices in their nation.

New Creation VA began partnering with Art Story in 2017 with the hope to provide dignified work and help lay the foundation for a new future. Your partnership and orders will help ensure that work continues.

OUR MISSION

New Creation VA is a 501(c)(3) nonprofit organization on mission to creatively counteract human trafficking with a local heart + global approach.

We partner with more than 100 organizations from 5 continents to create dignified work for those rescued from, or vulnerable to, trafficking around the world.

We also know that in order to truly solve this issue, we need to both help survivors + get in front of it – which is why we also provide prevention education to communities, businesses, families, and youth on the signs and dangers of human trafficking.

We believe that education + job creation are powerful tools to overcome trafficking, which is why our team is committed to continuing to develop concepts that make freedom possible. We would LOVE for YOU to join us!

WOODLAND + SAFARI CREATURES

Each sweet creature provides nearly 2 hours of dignified work! Every detail is created with love from the cutting, sewing + embroidering their faces. One of our favorite details is we employ one of the grandmothers who is involved in the process of stuffing each toy. They shared with us that "This is a very serious process for her, she is glad that she can still do something with her hands"

LIP BALM KEYCHAINS

Each lip balm keychain creates 30-40 minutes of life-changing employment! This product is sewn in a different city; the materials + supplies travel from Chisinau to the artisan's home + then back to our workshop for a total of 4 hours of travel time! This small product has a major impact on this artisan, who is able to work from home.

These are created to fit your favorite lip balm or lipstick but also work great with an essential oil roller.

For years, we have partnered with Noah's Ark, based in India, to create unique items for our monthly subscription box. We have a small wholesale collection (a metal tiffin, wooden ladle + magnetic hanging frame) to create dignified opportunities for artisans there.

About Noah's Ark:

After six years of witnessing the artisans' struggles in India, Samuel established Noah's Ark International Exports in 1986 in an effort to raise the artisans out of poverty + preserve their livelihoods. Since then they have supported artisans + their families with fair wages, long-term business investment + collaboration, as well as health + education initiatives for more than 30 years.

LEATHER KEYCHAINS

This collection is a collaboration with Thai Village. Each genuine leather loop keychain creates empowering opportunities in Thailand.

About Thai Village:

Since 2002 they have provided dignified work to at-risk + low-income individuals. They “consider our artisans’ interests, needs, and skills, + match these with the work available. Through this program, each artisan is able to earn income and expand their ability to support their family.”
