Striking New Designs in Acrylic

Barclay has a new family of acrylic tubs. All four designs are accented by a riveted base and riveted bands running vertically down the side of the tub. They feature integral drains that include drain and overflow covers in your choice of 6 different finishes. We have two double ended tubs, Corrigan with a rolled rim and Coventry with a flat rim. Our Millicent slipper and Milan double slipper complete the new grouping.

Integral Drain Tubs From Barclay-Wave 1

Barclay continues to make more of our best selling acrylic tubs available with the innovative new integral drain/overflow option. These tubs have discreet overflow slots connected to a drain tube running between the tub walls, eliminating the need for a waste/overflow outside the tub. Installation is much easier. Overall cost is reduced and less space is required. Tubs include drain and overflow covers in your choice of seven different finishes.
