Special Order Bathtubs

## Special Order Luxury

---

Barclay offers a dazzling collection of designer tubs available exclusively via Special Order.

Our Special Order acrylic collection offers five new models in designer shades to enhance your bath decor. These stunning tubs are designed with a sleek overflow slot that requires no plated cover and include a matching drain.

Our Special Order bateau tubs are durable cast iron wrapped in opulent metal skirts with fabulous finishes like brushed stainless, polished stainless, smooth antique copper, white and even polished gold.

Elevate your bathing space to a new level of luxury with a sensational soaking tub from Barclay, custom made just for you.

**“Special Order” tubs have a four month lead time and a No Return policy.**

## Special Care

---

The **cast iron** interior of your Special Order tub can be cleaned with a non-abrasive cleaner and a soft cloth. Clean the tub bottom with a soft nylon brush. **Copper** skirts are lacquered and can be rinsed with water and dried with a soft cloth. A thin layer of wax may be applied to enhance the finish. Use a cleaner or polish specifically for stainless steel to maintain your **polished or brushed stainless** and **polished gold** surfaces. A gentle soap can also be used with a soft sponge or microfiber cloth.

**DO NOT USE ABRASIVE OR ACIDIC CLEANSERS OR STEEL WOOL, WIRE BRUSHES OR ABRASIVE CLEANING PADS AS THEY MAY DAMAGE YOUR FINISH.**

The non-porous surface of an **Acrylic** tub makes it very easy to keep clean. For routine cleaning you may use a non-abrasive soap. Dishwashing detergents and a soft sponge or cloth is all that you need.

**DO NOT CLEAN YOUR ACRYLIC BATHTUB WITH THINNER, GOOF OFF®, SCRUBBING BUBBLES®, ACETONE, LACQUER THINNER, M.E.K.® OR OTHER CHEMICALS THAT ATTACK THE STRUCTURAL INTEGRITY OF PLASTICS (INCLUDING, BUT NOT LIMITED TO, ACETONES). USE OF THESE CHEMICALS WILL DESTROY THE ACRYLIC SURFACE OF YOUR BATHTUB AND THERE IS NO WAY TO REVERSE THE DAMAGE CAUSED BY THIS TYPE OF CHEMICAL REACTION.**
