Skylux[®] VITRIA

Flat roof window - fixed and opening

SKYLUX[®]
Hello daylight!

General product description

Vitria not only exemplifies minimalist construction, above all, it boasts an unrivalled price-quality ratio. With a focus on ease of use and cost efficiency, this flat roof window offers an affordable solution without compromising on quality, shape or function.

Technical features:

- daylight size = light transmission surface
- white PVC profile with good thermal properties
- optimal rainwater drainage thanks to flush design (glass plate is higher than the PVC frame)
- insulation value $U_g 1,1 \text{ W/m}^2\text{K}$
- acoustic value $R_w 39 \text{ dB}$
- fixed and openable (manual spindle or mounted electric motor)

Fixed version:

1. Installation

Thanks to the installation set with clips, you can easily install the Vitria glass cover on a Skylux PVC curb.

The installation set with insert hinges consists of a separate set with special top and bottom hinges. These are supplied separately and must be installed by the customer.

With the hinges, you can easily attach the window to a wooden, metal or polyester curb.

However, if you have a staggered daylight size with a wooden/concrete or polyester curb, use our adapter frame.

2. Delivery time

A: in stock

C50: ready for delivery within 50 working days

Openable version: MANUAL

available from 20 June 2024
