

## LinearMat Edge

A slip resistant matting with yellow edging

-  A hard wearing PVC grid matting to mark routes and delineate areas.
-  With the same specifications as LinearMat, a slip resistant, anti-fatigue matting solution which can be relied upon to perform in wide ranging heavy duty commercial and industrial applications, LinearMat Edge matting has yellow bands for extra safety and demarcation.
-  The matting is made from 2 layers of non-porous, flexible PVC that are welded together to create extra strong joints. It is available in rolls with accessories to suit all needs.
