

PneuMat

A hardwearing and versatile work horse

-  PneuMat is an economical, tubular constructed matting for general purpose applications that provides excellent slip resistance and insulation.
-  PneuMat's hollow construction uses less material, so it is also light to move and easy to lift for cleaning purposes.
-  It is especially effective wherever there is a risk of water and spillages underfoot as it is also highly slip resistant (R11 under DIN 51130 testing).

PRODUCT	HEIGHT	STANDARD ROLL OPTIONS		
PneuMat	10mm	10 x 0.5m	10 x 0.75m	10 x 1m

BENEFITS	FEATURES
Certified slip resistance DIN 51130: R11	Diamond cut pattern
Excellent drainage DIN 51130: V10	Two layer construction
Chemical, oil and acid resistant	Non-porous PVC (impermeable to fluids)
Fatigue-reducing and insulating	Hollow construction
Easy to cut on site, contours to uneven surfaces	Made from flexible PVC
Quick to install	Supplied in 10m rolls
Fire resistant	Certified EN 13501: Cfl - S1
Environmentally friendly	Made from 100% recycled material
