CONNECTING TO 2 DEVICES

A. Follow BLUETOOTH PAIRING INSTRUCTIONS with first phone or PC then turn off Bluetooth function of first phone or PC. The headset will enter pairing mode automatically and LED will alternate flashing blue and red.

B. Turn on the bluetooth function of second phone or PC to search and connect to DELTON20X. The LED will slow flash blue when the headset is connected.

C. Turn on Bluetooth function of first phone or PC, click to reconnect "DELTON20X"on Bluetooth lists. Headset is connected with two devices now.

* Music can only be played from one device under two connections, when you want to play music from another device, you need to pause or close the music of the previous device.
