

March 16, 2020

Dear Valued Customers:

As valued partners, we appreciate the trust and opportunity you have provided us in supplying your important occasion. Now, more than ever, we must stick together to overcome these challenging times. We know there are many options to source quality meats, but we want to assure you that we will remain open through these turbulent times to make sure you have access to our meats should you need it.

We have implemented some precautionary measures over the past few weeks to do our part in slowing the spread of COVID-19:

1. Nonessential travel has been restricted
2. We will be running on limited operating hours to limit unnecessary risk of exposure
3. We are exercising frequent sanitation and cleanliness routines for all employees
4. We are monitoring the coronavirus situation as well as the Center for Disease Control and Prevention for important updates
5. Remote work is promoted if possible

Coronavirus or COVID-19 is not considered a food safety concern. The CDC states that “currently there is no evidence to support transmission of COVID-19 associated with food.”

We recognize that the situation is evolving quickly and want to support you wherever we can. If you are looking for alternative proteins, we’d love to help. We will continue to monitor the situation and pass along important information as we receive it.

To help those in need, we are waiving all shipping and have added a few items that are not listed on our website. Please call us directly at (949)329-8698 for our additional offerings.

Our thoughts and prayers go out to those affected by the current situation. While the current situation seems grim, we will get through this together.

Warm Regards,

The Nishikawa Family  
The Wagyu Shop
