

# STATION D

DÉCORATION MURALE

*Reseller catalog*

2023

## About us

Station D is the creation of two former colleagues from a large Montreal printing company who have brilliantly combined their technical skills and their passion for decoration. In this colorful online store, the original and trendy wall decoration is entirely produced locally. Since 2018, Audrey-Anne and Fanny have been designing unique patterns and selecting remarkable visuals to produce professional quality wallpapers, murals, vinyl cutouts and other accessories.

## Proudly Quebecois

Our products are custom-made and entirely made in Quebec.

Forget about colour variations from one panel to the next, as well as the inaccuracies of cutting by hand. We use the latest technology at all stages of production, from printing to cutting, which guarantees the impeccable quality of all our products.

All our products are designed, printed and cut locally in our Laval workshop.
