Install and usage instruction:

Product schematic:

Install instruction:

1. Use the two magnets to align the center of the U-shaped card paper under the table with the center of the desktop sticker.

2. Tear off the 3M tape on the U-shape charger case, align the U-shape case with the U-shape card paper and press it up against the bottom of the table.

3. Take the U-shape card paper and insert the wireless charger into the case. (You can install the anti-theft screw as needed).

4. Turn on the power, put the phone in the center of the sticker to start charging. (You can install the cable tie mount according to yourself.)

LED indicator Causes and solutions

- 1. Red light flashing There is a foreign object on the desktop or the phone is too close to the charger.
- 2. Blue light is on The device is working properly.
- 3. Blue light breathing The device is in standby.

Notice:

1. Please install the product according to the installation diagram to avoid charging efficiency.
2. Do not install under a metal table.
3. When charging, do not put the digital IC card such as the mental object and ID card, bank card, bus card, etc. in the charging area to avoid damage.
4. Do not expose the product to moisture, high temperature or low temperature to prevent equipment damage.
5. Do not expose the device to high temperatures or heat-generating equipment such as heaters, microwave ovens, ovens, or water heaters.
6. Do not disassemble or modify the equipment, insert foreign objects, immerse in water or other liquids, so as not to cause equipment damage or personal injury such as electric shock.
7. Do not drop, squeeze or wear the device. Avoid exposing the device to excessive external pressure to avoid equipment damage.
8. Do not put corrosive substances such as strong acid and strong sputum in the sticker area, and pay attention to oil stains to prevent damage to the sticker.
9. Radio waves generated by the device may affect the normal operation of implantable medical devices or personal medical devices, such as pacemakers, implanted cochleas, hearing aids, etc. If you use these devices, please consult their manufacturer for restrictions on the use of the device.
10. Dispose of the equipment in accordance with local regulations. Do not dispose of the equipment as domestic waste. Please abide by the local laws and regulations governing the handling of this device and its accessories, and support recycling operations.
11. This device and its accessories contain small parts that are placed out of reach of children. Children may inadvertently damage the device and accessories, or swallow small parts resulting in suffocation or other hazards.
12. To ensure product performance, please use the original adapter.
