- SPF 25

### Directions:

Tap a small amount of powder into lid + swirl your Saint Minerals Kabuki brush into the powder to warm up the minerals. The more you warm the minerals – the more flawless the application. Work the powder into the brush, tap off any excess + lightly dust over your face for a flawless, luminous base. Saint Minerals is highly concentrated, so repeat the process for fuller coverage. Can also be used as a spot-treatment concealer when applied with a concealer brush.

SAINT MINERALS

PRESSED

**We.**

## Loose Blush Rose Glow.

A true multitasker. Use on cheeks, temples, nose + eyes – the iridescent, super-fine mineral particles create a lightweight, flawless sheen.

- Multi-functional - use with our All-Over Bronzer to contour or mix with our Natural Oil Primer to create a natural liquid highlighter for cheeks + temples.
- One universal shade suits all skin types + tones.

### Directions:

Using our Saint Minerals Dual-Finish Brush, swirl + buff on top of any Saint Minerals base to create an effortless, soft, luminous, natural look from day + night.

## Pressed Matte Bronzer - Sun-Kissed.

A long lasting bronzing powder that delivers a sun-kissed, velvet matte finish. It's lightweight + blends seamlessly into the skin.

- Can be used all over the body or as a blusher for those sun-kissed cheeks.
- \*May contain traces of nut\*

### Directions:

Using our Saint Minerals Dual-Finish Brush, swirl + buff on top of any Saint Minerals base to create an effortless, soft, luminous, natural look from day + night.

## Pressed Highlighter – Golden Glow.

Delivering lust-worthy glow without the glitter, this second-skin powder buffs + blends effortlessly for the ultimate, naturally luminous complexion.

- The ultra-finely-milled powder is soft, building luminosity with ease while ensuring a natural + refined finish.
- \*May contain traces of nut\*

---

**Directions:**

Apply lightly with our SAINT MINERALS® Highlighter Brush to the inner corners of the eyes, cupid's bow + cheekbones to reflect light giving a beautiful sun-kissed look. Delivering lust-worthy glow without the glitter, this second-skin powder buffs + blends effortlessly for the ultimate, naturally luminous complexion.

## All Over Bronzer.

Universal, highly pigmented, long-lasting, loose bronzer powder designed to create a radiant, healthy glow, all-year-round.

- Endless application possibilities - use alone for a radiant glow, blend on eyelids for a subtle, copper hue or use with our All-Over Mineral Highlighter for a defined, contoured photo-finish.
- Mix your favourite body moisturiser / with our Natural Oil Primer to create a silky, smooth liquid bronzer suitable for face + body.
- One universal shade suits all skin types + tones.

### Directions:

This highly pigmented All-Over Bronzer is designed to be applied with the Dual Finish Blush Brush.

Just tap a little amount into the lid of the Bronzer + apply to designated area - buff + blend into the skin to move the colour + depth to the area of choice. As with all Saint Minerals loose powders, a little goes a long way; so buff + blend gradually until you get the required depth of bronze you prefer.

Mix with your favourite body moisturiser, or with our Natural Oil Primer to create a silky, smooth liquid bronzer suitable for face + body.

## All Over Highlighter.

A true, multitasker. Use on cheeks, temples, nose + eyes - the iridescent, super-fine mineral particles create a lightweight, flawless sheen.

- Multi-functional - use with our All-Over Bronzer to contour or mix with our Natural Oil Primer to create a natural liquid highlighter for cheeks + temples.
- One universal shade suits all skin types + tones.

### Directions:

Using our Saint Minerals Dual-Finish Brush, swirl + buff on top of any Saint Minerals base to create an effortless, soft, luminous, natural look from day + night.

**Us.**

## Lengthening Mascara.

Saint Minerals Lengthening Mascara is a unique, collagen-infused formulation that helps lengthen + define each lash with just one coat. The bristle brush provides maximum lash impact with no clumping. Its rich black pigment is long-lasting + smudge-proof for all day, high-performance wear.

- Designed to be long-lasting + smudge-proof
- Plumping collagen formulation
- Black only, 12 ml

### Directions:

Apply as usual, frame your eyes + complete your look with this long-lasting, collagen-infused, Lengthening Mascara.

## Eye Liner Pencils.

Build + blend a perfect smokey eye with our super-smooth, 100% natural, highly-pigmented, high-performance mineral Eye Liner Pencils.

- Blend + build a perfect smokey eye with our
- super-smooth, 100% natural, highly pigmented, high
- performance mineral Eye Liner Pencils
- Long-lasting mineral based formulation
- Waterproof for that budge-proof effect needed for all day – night wear
- Suitable for sensitive eyes / contact lens wearers.
- Available in 3 shades – Black, Slate + Brown.

### Directions:

Apply as normal, as with all Saint Minerals make-up – a little goes a long way with this highly, pigmented formulation. Go slowly + use short strokes to create an even line.

To soften + blend to create a dramatic smokey eye, use the angled brush on the end of our Dual-End Brow Brush.

## Brow Butters.

Create shape, definition + voluminosity to brows with our 100% natural, highly-pigmented Brow Butter. Super smooth, creamy consistency with water-resistant properties.

- Brows + arches will always be on point with our 100% natural, highly pigmented, pomade-style Brow Butter.
- 3 shades available – Blonde, Brown + Black
- Super smooth consistency with water-resistant properties

---

**Directions:**

Use the angled brush on the end of our Dual-End Brow Brush to apply + define the arch. Comb through using the Spoolie for naturally, groomed brows which frame the face.

## Peptide Cream Concealer.

Our ultra-hydrating, 100% natural Peptide Cream Concealer has a lightweight, luxe texture which glides on effortlessly to hide discolouration, dark circles, pigment + blemishes.

- Highly-pigmented, lightweight – yet long-lasting cream concealer which effortlessly hides dark circles + puffiness+ pigment + blemishes
- Ultra-hydrating formula - does not crease or crepe the delicate eye area
- Contains anti-aging peptides, antioxidants + essential oils
- Suits all skin types (available in 3 shades 01, 02, 03)

### Directions:

This ultra, hydrating creamy concealer glides on effortlessly to conceal discolouration + visibly enhance texture + tone. Apply using fingers or with a concealer brush. Non-comedogenic + 100% natural.

## Cleansing Mitt.

The Microfibre Face Cleansing Mitt gently lifts away makeup, oil, dead cells and product residue.

Gently lifts away makeup, oil, dead cells + product residue leaving skin clean + clear. For use, place your hand in the mitt + add water + gently wipe off your makeup.

Washable + reusable.

## Kabuki Brush.

Our signature Kabuki Brush is essential for a flawless, Loose Powder application Conveniently-sized stem, with a large, dome-shaped, perfectly-proportioned, synthetic head which allows you to softly swirl + warm up the loose minerals + gently buff the skin.

Gain maximum control as you buff + build in circular movements, creating desired level of air-brush quality coverage. Its soft, wide head is ideal for dusting a year-round Summer glow across temples, cheeks, neck + décolletage.

Available in long + short stem. It's a must-have item for your Saint Minerals kit.

## Liquid Foundation Brush.

Our Liquid Foundation Brush is made from the softest of synthetic hairs with a sleek, tapered edge which allows you to expertly build, blend + control your application.

Simply place a small amount of Saint Minerals Liquid Foundation on the back of your hand, sweep the brush across the foundation + apply in downward strokes or stipple the brush over areas you wish to build further coverage.

A perfectly, flawless result, every time.

## Dual Ended Brow **Brush.**

Dual-Ended brush with a stiff, angled end for blending Brow Butter into hair + the spoolie helps groom + tame brows into place. Also great for softening Eye Liner to create a sultry, smokey look.

## Detail Highlighter **Brush.**

This soft-pointed brush ensures precise application of powder highlighter and best to use with the new Pressed Highlighter.

Our bespoke, artist-quality, vegan-friendly range of brushes give expert precision + control.

## Buffer Brush.

Perfect for all Loose Powders and Liquid.

## Angled Contour Brush.

This brush is designed for applying powders like blush or bronzer on the cheekbones for perfect even contours. Best to use with the new Pressed Bronzer.

## Domed Powder Brush.

This brush is best to use with the new Mineral Veil as it has very soft bristles designed to evenly disperse loose or pressed powders.

## Pencil Sharpener.

Ensure your Saint Minerals Eye-Liner Pencils are kept in perfect condition + achieve precise lines when applying with our bespoke sharpener.
