NassifMD Skincare's Peri-Orbital Complex – Revitalizing Eye Crème

NassifMD Skincare's Peri-Orbital Complex – Revitalizing Eye Crème is an eye beauty treatment that is formulated to help improve the visible signs of aging skin around the eye area in mature skin. This special formula aids in providing benefits that result in temporarily smoother-, brighter-, and firmer-looking skin. Key benefits include: moisturizes the eye area to reduce the appearance of crow's feet, easily and quickly absorbs into the skin allowing for optimized makeup application, creates a refreshed appearance, and contains the antioxidant Ethyl Ascorbic Acid, which helps to fight free radical aggressors.
