

Porlex Hand Grinder

Porlex hand grinders feature ceramic burrs and a stainless steel burr housing and grinds bin. It is easily adjustable from a fine grind to coarse, with a long, sturdy handle for quicker grinding. Available in two sizes - Mini (20g) or Tall (30g).

Operating the Grinder

1. Take off the lid and fill the top chamber with beans.
2. Replace lid and place handle on the shaft.
3. Turn handle clockwise to grind.
4. Ground coffee is stored in the bottom chamber.

Adjusting the Grinder

1. Screw the nut on the bottom of the burrs (turn clockwise) all the way until it stops.
2. Unscrew the nut (turn anti-clockwise) to set grind.
