RING SIZE GUIDE

FROM EXISTING RING

The easiest way to size your finger is with a ring you already have, that fits. Print out this chart & lay the ring directly over it, so that the black circle touches the ring's inner circle. Voila!

FROM SCRATCH

Wrap a thin strip of paper around the base of your finger. If you have larger knuckles, measure both - you may want to choose a size between the two to allow the ring to slip on comfortably.

Mark the spot where the paper meets.

Measure the paper's distance with a ruler.

Use the chart to determine ring size. Voila!
