

TIMBER/FINISH OPTIONS

All timber products are available in all of our solid timbers and finishes unless otherwise indicated in our media. The timber we use is from sustainable farms. The trees on the farms are pruned regularly to allow for consistent grain patterns and fewer knots, ensuring exceptionally strong planks of the highest quality.

Our oil finishes provide a renewable surface for enduring beauty.

Our oxidised timber is sealed with a clear matte lacquer to maintain the colour whilst preserving the tactility of the surface.

PAINT/STAIN OPTIONS

We offer ten standard colours that can be applied to our products in a variety of ways:

PAINTED ASH

European ash timber is wire brushed to create a textured surface before the application of the paint.

STAINED ASH

European ash timber is stained then sealed with a clear matte lacquer to maintain the colour whilst preserving the tactility of the surface.

PAINTED HDF

High density fibreboard is painted to create our satin matte finish, or painted then coated in clear lacquer to create our gloss finish.

PAINTED FIBREGLASS

Fibreglass is painted to create our satin matte finish, or painted then coated in clear lacquer to create our gloss finish.
