

# KAIA

## ETU

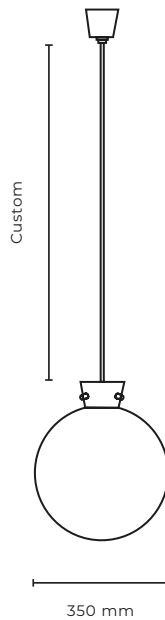

Designed by Peter Straka  
Vienna 2016

Inspired by old laboratory glassware as well as vintage whiskey bottles and decanters. KAIA's new ETU pendant is a celebration of pure and simple forms

A metal shaped counter cone is fixed inside the glass and held in place by a set of small screws, which in turn links to the pendant's slim brass stem. This simple but perfectly resolved construction is proudly displayed for all to see in keeping with KAIA's tradition of celebrating the beauty of function.

### ETU Pendant Luminaire

Type	Pendant
Material	Brass
Environment	Indoors
Dimensions	Glass Ø 350 mm - Ø 13.78"
