# Echo collection

by **GRUPA**

The **Echo** modular sofa provides an exceptionally relaxing experience of lying on the most comfortable bed. This sumptuous quality of comfort extends to the overall design of the sofa, and is especially accentuated in its seating cushion. The sofa is suitable for informal sitting and lying down, as the backrest and armrest are ergonomically adapted for relaxed reclining. Echo is also available

in regular seating depth modules and can be used in the business premises. The whole system is supremely modular as it allows diverse combinations in terms of length and width. Echo comes in textile or in combination with leather on the outer sides of the backrest and armrests.
