Kontrapunkt recliner

by Neisako

NEW

The design of the **Kontrapunkt** recliner integrates the armchair and chaise lounge into one compact visually light object. This was achieved by using the armrests as part of an innovative mechanism that holds the leg pad extension and tilts the backrest into the proper position. The design is minimal and lays the product's structural parts bare, without compromising its aesthetic.

BASE	stainless steel or steel tube Ø 25 mm + polished/ powder coating
SUSPENSION	elastic webbing
SEAT & BACKREST	feather + polyester wadding
UPHOLSTERY BASE	leather, fabric
UPHOLSTERY FOOTREST	leather
UPHOLSTERY CUSHIONS	leather, fabric
