

KAIA

ORA

Designed by Peter Straka
Vienna 2016

Snaking across the ceiling like a constellation of stars, the glowing clear glass spheres that light up the O R A chandelier make for an impactful centerpiece.

Mouth blown by master craftsmen at a traditional glass workshop in Bavaria, each of the O R A's perfect glass spheres are linked together by a snaking network of solid brass stems and rings. This system of course is not just decorative, it allows the piece to be reworked into endless compositions, from simple to complex.

MAINLY SUITABLE FOR INSTALLATION ONTO PLASTER WALLS AND JOINERY. FOR FURTHER INFORMATION PLEASE SEE ORA CEILING/WALL OR TWIN MOUNTING INSTRUCTIONS AND CONTACT SALES@KAIALIGHTING.COM.

ORA

Ceiling/Wall

* Under unfavorable conditions these lamps can lead to acoustic noise. In case of resonance even low noise can cause audible effect. The installation as well as the dimmer or the transformer (harmonics or electronic resonance) are possible influencing factors.

** For destinations with Mediterranean climate we highly recommend a brushed and lacquered brass finish.

*** Please contact sales@kaialighting.com for further information on dimmers etc. Please note KAIA Ltd cannot take any responsibility for the connection with your dimming or central control system. It is the customer's responsibility to ensure the compatibility with their systems.

**** Due to the manufacturing process, differences in the finish between the different brass parts, might occur.
