Pellitteri Waste Systems Inc. has launched a new division, Recycling Solutions in Watertown, to provide specialized recycling services for manufacturing companies. The new facility provides customized solutions for your company's unique waste situation (while diverting materials from landfills), potential new revenue streams, and the ability to meet recycling and sustainability goals.

Organizations with large volumes of pre- and post-consumer paper, plastics, cardboard, and metals can benefit from a customized recycling plan to save money and reduce waste. Stretch film/clear bags, electronic waste, ingredient bags, and wood and plastic pallets are examples of what can be accepted. Visit pellitteri.com/industrial-recycling for a full list of materials. Pellitteri will provide on-site consultation and recommend strategies to reach your sustainability goals.

Pellitteri is a Madison-based, family owned and operated waste disposal and recycling company focused on providing needs-based solutions. The Pellitteri tradition of professional, high-quality service has endured for more than 80 years, making it Southern Wisconsin's leading independent waste and recycling services provider.
