Facility Hygiene and Social Distancing Products Available Now!

ESSENTIAL SAFETY IDENTIFICATION PRODUCTS FOR ALL

Reinforcing the importance of preventing the coronavirus (COVID-19) from spreading is mission-critical right now.

We're all in this together...

And we're here as a resource to aid your efforts in protecting employees and visitors during this unprecedented time.

commercial@livefit.com | 1-800-537-0516

SOCIAL & PHYSICAL DISTANCING SIGNS:

Remind others to stand 6 feet apart to lower the risk of spreading the coronavirus with social and physical distancing signs at work stations, production facilities, checkout aisles, grocery stores, restaurants, and other places of business.

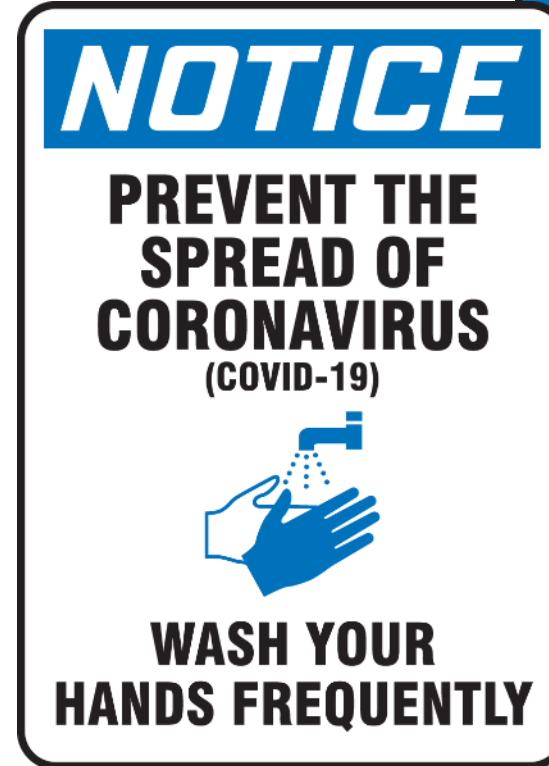

commercial@livefit.com | 1-800-537-0516

HAND WASHING SIGNS:

Avoid the spread of germs in your facility by promoting proper hand hygiene. Effective hand washing signs can prevent the spread of the coronavirus (COVID-19), colds, and the flu from circulating in your business.

commercial@livefit.com | 1-800-537-0516

COVID-19 SAFETY POSTERS:

Take steps to educate and remind all how to protect themselves from the coronavirus by posting preventative measures against COVID-19, as outlined in our posters, to prevent the spread of germs in your facility.

COVID-19 Coronavirus Disease

Preventative Measures – Protect Yourself

Wash hands with soap and water thoroughly and often

Avoid close contact with sick people (those with fever and cough)

Avoid touching your eyes, nose, or mouth with unwashed hands

Avoid hugging, kissing, and hugging hands when greeting

Practice good health habits (exercise, eating, keeping physically active)

Be Prepared

Close your hands often

- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of your hands and rub them together until they feel dry.
- Avoid touching your eyes, nose, and mouth with unwashed hands.

Avoid close contact

- Avoid close contact with people who are sick.
- Put distance between yourself and other people if COVID-19 is spreading in your community. This is especially important for people who are at higher risk of getting very sick.

Acquire necessary types of PPE and cleaning supplies.

Stay Informed

Don't panic – it's important to remain calm and take everyday actions to stay healthy. The following resources can update regularly on information becoming available:

- CDC** Centers for Disease Control and Prevention

COVID-19 Coronavirus Disease

KEEP THE WORKPLACE SAFE

PRACTICE GOOD HYGIENE

Stop handshakes
Use other noncontact methods of greeting

Clean hands
Use alcohol-based sanitizers at regular intervals, and wash hands with soap and water for 20 seconds

Cover coughs and sneezes
Disinfect surfaces like door knobs, tables, desks, and handrails regularly. Increase ventilation by opening windows or adjust air systems

BE CAREFUL WITH MEETINGS

Use videoconferencing or calls for meetings when possible

Where possible, hold meetings in open, well-ventilated spaces

Consider adjusting or postponing large meetings or gatherings

HANDLE FOOD CAREFULLY

Limit the sharing of food

Ensure cafeteria staff and their close contacts practice strict hygiene

Wash hands, utensils, and containers

STAY OR GO HOME IF...

You feel sick

You have a sick family member in the home

HELP PREVENT THE SPREAD OF GERMS!

FLOOR MARKING:

Mark and create designated spaces on floors to ensure foot traffic is safe and employees and visitors are following social distancing practices.

commercial@livefit.com | 1-800-537-0516

TRAFFIC FLOW:

Provide essential information to visitors and customers at the entrance to your business, work zone, or job site to ensure everyone does their part to prevent the spread of COVID-19.

commercial@livefit.com | 1-800-537-0516

FACE MASK SIGNS TO KEEP COVID-19 OUT:

Ensure people are immediately aware that face masks are required in the area and prevent the spread of the coronavirus.

commercial@livefit.com | 1-800-537-0516

BARRIERS AND BARRICADES:

Prevent access and keep others out of contaminated areas with barriers and barricades.

commercial@livefit.com | 1-800-537-0516

DISPOSABLE FACE SHIELD

Disposable, full-length face shield, provides protection from splashes and sprays to protect any employee that requires this PPE.

Accu-Shield™ SG Clear Barrier Panels

Provide sneeze guard style protection throughout work areas in offices, warehouses, and commercial settings with unobstructed views while safeguarding workers, customers, and visitors against the spread of germs and viruses. Easily create a protective barrier among individuals with Accu-Shield™ SG Clear Barrier Panels.

Shield sets up quickly, can be kept in place, or move from one work area to another or stores flat when not in use. Notch handle cutout at the top* for easy-to-carry mobility.

A versatile protective barrier for any industry, choose versions that suspend, set on a countertop, stands freely, or use as a portable barrier. This shield is ideal for areas where social distancing space is unavailable.

Countertop-Desktop Panels

- Set on top of table, desk, or counter
- Legs easily slide into the pre-cut slits at the base for stability
- Notch cut out at the top for portability
- Includes 1 panel and two 5"H x 5"W legs
- Available in plain front or with 4" x 12" cutout pass-through

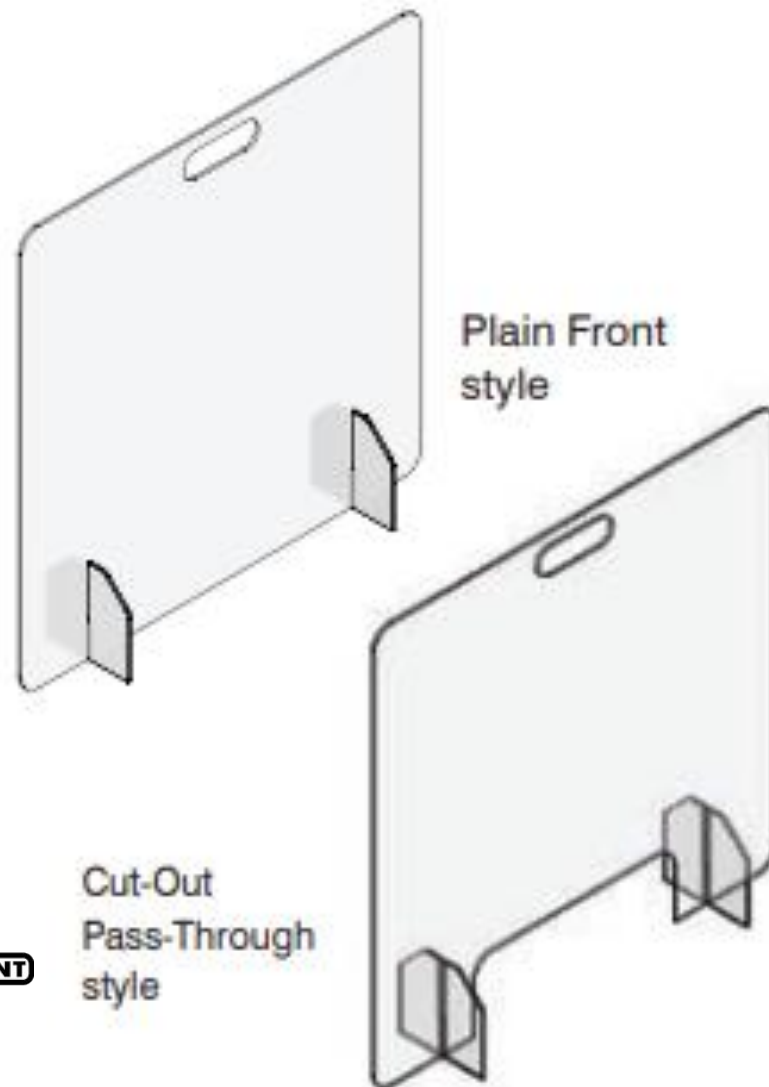

Features

- Thick, clear shield is specially formulated high-impact and shatter-resistant thermoplastic
- Maintains optical clarity, even after repeated wipe-and wash-downs
- Chemical resistant plastic cleans easily with any disinfectant cleaning product

Benefits

- Shield creates a barrier to protect employees and customers for a safe and healthy environment
- Helps prevent the spread of germs and viruses, and avoid unnecessary downtime due to illness
- Lightweight and versatile for any location set-up, take-down, portability, and flat storage
- Cleanable surface with disinfectants without residue or wear
- Customizable in design and size

*Unavailable for Countertop-Desktop Panels with Side Wings or Hanging Panels
