Product Care:

4Ever Expressions are 99.9% pure silver, necklaces, bracelets and findings are 0.925 sterling silver. All silver will tarnish over time. The best way to prevent this is by wearing your piece. When you are not wearing your piece, store it in an air tight bag with the anti-tarnish strip that's included in your box.

The strip neutralizes tarnish causing sulfur gases.

This strip will last approximate 6 months

.DO NOT RECOMMEND:

showering, swimming, etc. with your 4Ever Expression on.

Also remember to keep perfumes and creams away.

.CLEANING:

Clean your piece with a Polishing Cloth, it's made specifically made for cleaning and polishing silver jewellery. Silver Cleaner is also safe to use, great for small grooves and fine lines. 4Ever Expressions has it's own cleaner with anti tarnishing agents available for purchase.

Remember not to use house hold cleaners or tooth paste for cleaning.
