

# The USB Candle Lighter

User Guide

\*Instructions printed inside box.

## Step 1

- Open your USB Candle Lighter.
- Included inside: (1) USB Candle Lighter and (1) USB Charging Cable.
- \* Please note: Instructions are printed on the inside of the box.

## Step 2

- After opening, we recommend that you charge your USB Candle Lighter fully.
- Approx. 1.5 hrs for a full charge – up to 300 lights.
- \* Green lights will turn off when unit is fully charged.

## Step 3

- To use slide switch-cover up to expose the RED ignition button.

## Step 4

- Press the RED ignition button to activate arc tips.
- \* Release the button to stop use.

## Step 5

- For best results, begin by holding the lighter 1 inch away from target.
- Once arc tips are activated, slowly move the arcs toward the target to light.

## Step 6

- After use, slide switch-cover down to cover ignition button for safety.
