OEM WHEEL SHOP

SANTA ANA WHEEL
Since 1958

WHO WE ARE

ABOUT US

Established 1958, Santa Ana Wheel and OEM Wheel Shop are Original Equipment Manufacturer (OEM) wheel and rim Distributors. We are located in Southern California but serve all of North America and abroad. We have one of the largest wheel and rim inventories on the west coast. We stock oem steel wheel, oem alloy wheels, center caps, hubcaps, take-off tires, and TPMS sensors for all major makes and models.

OUR MISSION

Customer satisfaction is our number one priority. We offer unparalleled service and value to all of our customers. Our team of experts has the knowledge, experience, and passion to help you. We love helping our valued customers, and keeping them happy.

60 YEARS

With over 60 years of experience in the wheel and rim business, we know and understand the industry better than anyone else.

GO NATIONAL

We work and partner with businesses throughout North America. We also work and partner with international businesses.

WHAT WE DO

SERVICES

We buy and sell replacement wheels and stock rims to and from automotive businesses and the general public. We recondition and repair bent and broken wheels. We offer Chrome Plating & PVD Chrome. We also offer powder-coating services and sell take-off tires.

WHOLESALE PRICING

Our second priority is to offer the lowest prices. Compare our prices with other distributors and see the difference. We sell the same quality products for a fraction of the cost!

RETAILER'S WHOLESALE

Open an account to receive bulk, retail-pricing, and tax-free pricing! We offer blind drop-shipping. This is a great option for companies that want to better serve their customers. All wheels are safely packaged and double boxed in plain boxes with your own information on the invoice.
