

Whats In The Box:

- A** 1 - Sink Pan
- B** 1 - Translucent Back panel
- C** 1 - Tube of Silicone
- D** 1 - Silicone Applicator Tip
- E** 2 - Side Panels
- F** 4 - Legs
- G** 4 - 1/4"-20 x 1" SS Pan Head Bolt
- H** 8 - 3/8"-16 x 1" SS Pan Head Bolt
- I** 10 - 1/4"-20 x 3/4" SS Pan Head Bolt

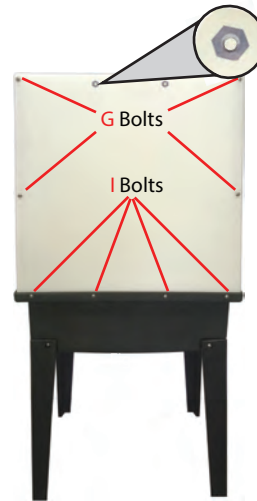

Tools Required:

- Phillips Screwdriver

- Take the sink pan and turn it upside down.
- Attach one leg at a time using two (H) bolts and a phillips screwdriver. (DO NOT OVER TIGHTEN!)
- Repeat the process for the other three legs.

- Stand the sink upright on all four legs.
- Attach the translucent back panel to the bottom of the sink pan using four (I) bolts. (DO NOT OVER TIGHTEN!)
- Note: Threaded inserts on the side panels should face the back of the sink for light kit upgrade.

- Attach one side panel to the inside of the sink pan using three (I) bolts. (DO NOT OVER TIGHTEN!)
- Repeat the process for the other side panel.
- Apply a thin bead of Silicone to the back of both side panels. (See Figure 2 marked in Red)

- Attach the translucent back panel to the side panels using four (G) bolts. (DO NOT OVER TIGHTEN!)

- Move sink to your desired Location.
- Connect drain to 1-1/2" female coupler on sink per city and county regulations.

Whats In The Box:

- A** 1 - LED Light Kit
- B** 4 - Flat Washers
- C** 4 - Locking Washers
- D** 2 - Wing Nuts
- E** 2 - 1/4"-20 1 1/2" SS Pan Head Bolt
- F** 2 - 1/4"-20 1" SS Pan Head Bolt
- G** 4 - 1/4"-20 x 1/2" SS Pan Head Bolt

Tools Required:

- Phillips Screwdriver

Retrofit tools Required:

- Power Drill

- 5/16 Drill Bit

A

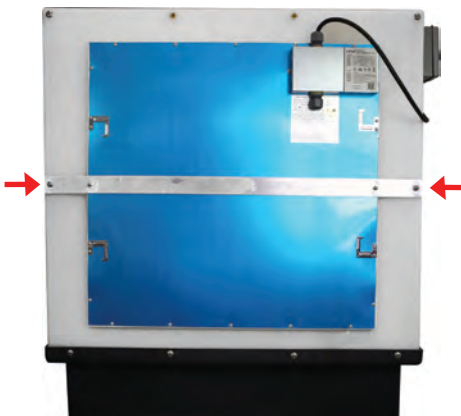

- Remove 2 screws from back of booth.
- Place lights in position and insert the 2 1" SS Pan Head Bolts (F), 2 Flat Washers (B) and the 2 Locking Washers (C) at bottom to secure lights.

Note: Hang light switch over washout booth to support top of fixture during assembly process

- Place light switch on the side of the washout booth.
- When mounting light switch, use 2 1/2" SS Pan Head Bolts (G) into pre-existing inserts

- Attach light fixture to the top of the washout booth using 2 1/2" SS Pan Head Bolts (G)
