## Tuxedo Favor Box

## Assembling the box:

- Open the box to form a rectangle.
- Fold in the side flaps of the bottom at scored lines.
- Fold the large bottom flap over. Fold down scored tab and tuck into the bottom of box.
- Line the inside of the box and fill with treats. If using wrapped treats, lining is optional.
- Pinch sides of box together to crease the diagonal scored lines on the sides. As you do this, the middle section will fold in toward the inside of the box.
- Fold the top lid over at the scored line and tuck the small center tab into the slot on the back of the box to close.
- Turn box over and remove black pre-cut tab on top. Fold out the tuxedo lapels along diagonal scored lines.
