

## WiFi SMART DIMMER

# DIM THE LIGHTS FROM ANYWHERE

Wemo Dimmer is a smart dimmer that lets you control your lights from anywhere with WiFi. The Dimmer works with any dimmable bulb, including LEDs, CFLs or incandescent bulbs. Set the mood and dim the lights with your phone, tablet or voice and the free Wemo App, Amazon Alexa, Google Assistant and Apple Home app or Siri\* to control your lights from the couch, coffee shop or Caribbean.

### VOICE

Control Wemo hands-free using your voice.\*

### CONTROL

Control, schedule and dim lights from anywhere.

### PROTECT

Look like you're home even when you're not.

### NIGHT MODE

Protect your eyes at night automatically.

\*When paired with a voice recognition device or service, sold separately.

# WiFi SMART DIMMER

## DIMMER PLAYS WELL WITH

Talk to Google Assistant for hands-free voice control. Pair Dimmer with a Google Assistant enabled device and have a conversation with Google to control your lights.

Wemo works with Alexa for hands-free voice control. Pair Dimmer with Amazon Alexa and use your voice to control and dim your lights.

Wemo is not compatible with Apple HomeKit. Connect Wemo Bridge to your router and control Wemo with the Apple Home app and Siri on your iPhone, iPad and Apple Watch.

In “home” and “away” mode, Nest will automatically control your Dimmer so your fan turns off to save energy when your home is empty or lights turn on a when you come home.

## IFTTT

“If This, Then That” lets you do amazing things with Wemo. Visit IFTTT.com for “recipes” to make Wemo turn lights and appliances on and off based on real-world events and much more.

## TECHNICAL DETAILS
