

Current Lead Times

Please be aware that many of the products and brands we work with have a lead time from the time your order is placed. This is usually due to the fact that many of the products we offer are fully fabricated on an order by order basis.

Truck Brigade does its best to be as transparent as possible on lead times for each product. Please be aware that things can happen outside of our control, but we will always do our best to update you and let you know what is going on with your order. As always, you can reach out via our live chat function, email us (contact@truckbrigade.com) or call us at (888) 550-3028 for an update on your order or the current and up-to-date lead times for a product. We thank you for your understanding!
