**READ ALL INSTRUCTIONS BEFORE ASSEMBLING
COT. KEEP THE MANUAL FOR FUTURE USE.**

WARNING:

Parents should ensure a safe environment for the child by checking regularly, before placing the child in the product, that every component is properly and securely in place.

WARNING:

Please do NOT remove any wood screws in the normal disassembly of the cot.

**CAUTION: ANY MATTRESS USED IN THIS COT MUST BE
AT LEAST 27 1/4 INCHES (69CM) BY 51 5/8 INCHES (131CM)
WITH A THICKNESS NOT EXCEEDING 6 INCHES (15CM).**

**Please read the Caution and
Warning Statements insert
before using your cot.**

WARNING:

TO PREVENT FALLS, THE MATTRESS BASE OF THIS COT SHOULD BE ADJUSTED TO THE LOWEST POSITION BEFORE THE CHILD CAN SIT UP.

RECOMMENDED MATTRESS SIZE:

This cot has been manufactured for use with a mattress which measures 690 mm wide by 1310 mm long and 150 mm (or less) in thickness. The width and length are specified because it is important that the gaps between the mattress and the sides and ends of the cot will not exceed 40 mm when the mattress is pushed to one side or end, and 20 mm when the mattress is centred in the cot. This is to minimize the risk of a child's limb becoming caught in the gap. The thickness of the mattress has been specified to ensure that the depth of the cot is greater than 500 mm with the mattress base in the lower position to minimize the risk of a child climbing or falling out of the cot.

- Do not use this cot if you cannot exactly follow the accompanying instructions.
- Infants can suffocate on soft bedding. Never add a pillow or comforter. Never place additional padding under an infant.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.
- Strangulation Hazard: Strings can cause strangulation! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not place cords, straps, or similar items that could become wound around the child's neck in or near this cot. Do not suspend strings over a cot or attach strings to toys.
- To help prevent strangulation tighten all fasteners. A child can trap parts of the body or clothing on loose fasteners.
- DO NOT place a cot near a window where cords from blinds or drapes may strangle a child. Do not place this cot near a window or a patio door where a child could reach the cord of a blind or curtain and be strangled.
- Fall Hazard: When a child is able to pull to a standing position, set the mattress to the lowest position and remove bumper pads, large toys and other objects that could serve as steps for climbing out.
- Do not use this cot if the child is able to climb out unaided or is taller than 35 in. (89cm).
- Check this product for damaged hardware, loose joints, loose bolts or other fasteners, missing parts or sharp edges before and after assembly and frequently during use. Securely tighten loose bolts and other fasteners. DO NOT use cot if any parts are missing, damaged or broken. DO NOT substitute parts. Contact **Ubabub** for replacement parts and instructional literature if needed.
- DO NOT use a water mattress with this cot.
- If refinishing, use a non-toxic finish specified for children's products.
- Never use plastic shipping bags or other plastic films as mattress covers because they can cause suffocation.
- Infants can suffocate in gaps between cot sides when used with a mattress that is too small.
- Follow warnings on all products in a cot.
- Ensure that the sides are properly latched or locked in place when the cot is occupied.
- Place cot at a reasonable distance from curtains, blinds, heater and power points.
- Keep medication, string, elastic, small toys or small items, such as money, out of reach from any position in the cot.

Storage:

- Solid woods exchange moisture with the air adjusting to major changes in room temperature and humidity. Therefore, it is best to place your furniture away from heating or air- conditioning vents.
- Sunlight is not friendly to solid wood furniture and prolonged direct exposure to harsh sunlight can discolor the finish. Be careful not to place your furniture in direct sunlight for extended periods of time. As with all your fine furniture, blot up spills immediately.

Care and Maintenance:

- Do not scratch or chip the finish. Do not use abrasive chemicals for cleaning. Clean with mild soap on a soft rag. Rinse and dry thoroughly. If you ever refinish this furniture, be sure to use only a non-toxic finish specified for children's products. If you choose to refinish this furniture, the warranty will be voided.
- Wipe up spills immediately with a soft, clean cloth.
- Urine spills can cause discolouration and is a growth medium to mould fungus.
- Do not use strong household cleaners, and in particular do not use any petro-chemical based cleaners on any plastic or wood surface.
