
Learn more about our response: COVID-19

Interglass has been actively following the guidelines and recommendations as outlined by the Centers for Disease Control and Prevention (CDC), as well as the local U.S. health authorities. We continue to implement preventive measures in house, as we're considered an essential commercial business in Miami-Dade by being a manufacturing facility.

As our role of glass distributor, we believe our products represent an essential part for the safety of our community residences and other commercial structures, including health facilities. Glass is used to secure entryways and maintain appropriate environmental conditions inside buildings and homes. Our "Essential Business" designation ensures we can continue operating without disturbance.

Due to this fact we have decided to take the following temporary measures:

For Showroom visitors and walk-in buyers (Effective March 23, 2020):

- Limited contact between customers and our office employees by closing the showroom access.
- Orders will be taken over the phone or through our website. (www.interglasscorp.com)
- Website orders have a 5% incentive discount by using the Promo Code: "Pickup"
- Customer pick up will continue as regular applying social distance
- Cash payments won't be accepted for the time being. We will accept any other payment form.
- Hours of customer service are Monday - Friday from 8:00am to 4:30pm.

Preventive measures taken by our team:

- Mandatory hand washing every hour
- Six feet social distancing between colleagues and customers
- Limit meeting size to smallest groups possible as a maximum of 10 employees.
- Our warehouse doors will remain open to provide more ventilation
- We doubled our cleaning efforts inside our office
- We placed signs around the office and warehouse to create awareness of good practices
- Forbid the use of water fountains.
- Team Members with flu-like symptoms are staying home

Stay Safe and protect your love& ones,

The Interglass Team
