DETAILING WASH & MAINTENANCE

Q²M DETAILING WASH & MAINTENANCE

THE Q²M COLLECTION OFFERS A WIDE RANGE OF INNOVATIVE MAINTENANCE PRODUCTS FOR THE PREPARATION AND AFTERCARE OF ALL VEHICLE SURFACES.

Q²M FOAM

The ultimate pre-wash for coated cars.

CAPACITIES: 1000 ML / 4000 ML
PURPOSE: PAINT / TRIM / WHEELS

Pre-washing, especially on cars where a paint correction has been made, is very important to preserve the best possible visual effect for longer. Q²M Foam ensures highly effective first step in the cleansing process, as it helps to decrease the amount of dirt that needs to be removed during the proper, major wash with a mitt and shampoo.

Q²M BATHE

Slick, concentrated and pH neutral shampoo.

CAPACITIES: 400 ML / 1000 ML / 1000 ML / 4000ML
PURPOSE: PAINT / TRIM

Superb maintenance products for outstanding detailing performance. Like other items in our range of products, Q²M Bathe is superbly efficient thanks to highly concentrated formula. The thick gel is naturally water-soluble, emitting a very pleasant smell, reminiscent of Q²M Cure, as well as producing a long-lasting foam.

Q²M BATHE ESSENCE

The most concentrated shampoo available.

CAPACITIES: 400 ML / 1000 ML
PURPOSE: PAINT / TRIM

Q²M Bathe Essence is the pure essence of a shampoo. With an amazing concentration of 1:2000, only 5ml of product is enough for a ready to use dilution! Even a single, 400 ml bottle is enough for 80 washes. Impressive cleaning power and the ability to remove dirt, grime and light organic contamination are combined with fantastic slickness and high foam.

Q²M RESTARTWASH

Restart wash for coated cars. Bring initial hydrophobic properties back.

CAPACITIES: 400 ML / 1000 ML
PURPOSE: PAINT / TRIM

Q²M RestartWash will clean, decontaminate and restore initial properties of coated surfaces. Unlike Q²M Bathe+, it does not add hydrophobicity, but restores the coating. It has the ability to remove ferrous deposits thanks to an iron remover infusion.

Q²M BUG&GRIME

Strong and effective bug and grime remover.

CAPACITIES: 400 ML / 1000 ML / 4000 ML
PURPOSE: PAINT / GLASS / TRIM / WHEELS

Q²M Bug&Grime is a strong and very efficient pre-wash product developed specially for the removal of insects, bugs and grime. Q²M IRON

Effective iron filling remover.

PURPOSE: PAINT / TRIM / WHEELS

Q²M Iron is one of the most efficient, fast reacting iron removers on the market. This product was specially developed to decontaminate surfaces from harsh ferrous deposits such as brake dust and rail dust easily, making intensive cleansing simple for both enthusiasts and pro-detailers alike.

Q²M BATHE+

World's first SiO₂ shampoo with instant hydrophobicity.

CAPACITIES: 400 ML / 1000 ML
PURPOSE: PAINT / TRIM

Q²M Bathe+ is the world's first pH neutral shampoo containing SiO₂. Even a quick wash leaves a strong hydrophobic layer, repelling water, dirt and deferring the need for a next wash. The wash itself is a real joy, while the shampoo is very slick and has a scent characteristic of the whole GYEON range.
