**CLEANING
& DECONTAMINATION**

Q²M CLEANING & DECONTAMINATION

THE Q²M COLLECTION OFFERS A WIDE RANGE OF INNOVATIVE MAINTENANCE PRODUCTS FOR THE PREPARATION AND AFTERCARE OF ALL VEHICLE SURFACES.

Q²M TIRECLEANER

Strong and effective tyre and rubber cleaner.

CAPACITIES: 500 ML / 1000 ML / 4000 ML
PURPOSE: WHEELS

A specialised and highly effective tyre and rubber cleaner. Removes old dressings and deep, accumulated contamination with ease. Q²M TireCleaner is safe on all types of tyres, including classic white-wall rubber.

Q²M IRON WHEEL CLEANER

Effective wheel cleaner with increased brake dust removal.

CAPACITIES: 500 ML / 1000 ML / 4000 ML
PURPOSE: WHEELS

Q²M Iron WheelCleaner is a dedicated & highly effective cleaner for all types of wheels and finishes. A powerful formula developed to remove efficiently grime, dirt and brake dust.

Q²M MICROFIBRES & APPLICATORS

THE SAFEST AND MOST DURABLE
EDGELESS MICROFIBERS.

All of our microfibers are developed to suit the products offered. Depending on the surface, Q²M Microfibers are great for applying Q² CanCoat, giving a final wipe down with Q²M Cure or drying your vehicle. All towels provide maximum performance and the highest durability.

Q²M WASHPAD

Double side washpad for safe and effective wash.

Q²M WHEELMITT

Ergonomic wheel wash mitt.

Q²M BALDWIPE

Great multi-purpose short hair microfiber.

SIZE: 40X40 CM

Q²M SOFTWIPE

The safest and most durable edgeless microfiber.

SIZE: 40X60 CM

Q²M TIREBRUSH

Fully chemical resistant, safe tyre brush with an ergonomic handle.

Q²M WHEELBRUSH

The ultimate solution for cleaning all of wheels, especially those hard-to-reach places.

SIZES: MEDIUM / LARGE

Q²M IRON

Effective iron filling remover.

CAPACITIES: 500 ML / 1000 ML / 4000 ML

PURPOSE: PAINT / TRIM / WHEELS

Q²M Iron is one of the most efficient, fast reacting iron removers on the market. This product was specially developed to decontaminate surfaces from harsh ferrous deposits such as brake dust and rail dust easily, making intensive cleansing simple for both enthusiasts and pro-detailers alike.

Q²M TAR

Speed up the decontamination process in a safe way.

CAPACITIES: 500 ML / 1000 ML / 4000 ML

PURPOSE: PAINT / TRIM / WHEELS

Unlike most tar removers, Q²M Tar does not affect any exterior surfaces and is bodywork safe. It can be used on paint, glass, plastic trim, both painted and unpainted. As it is pH neutral, it can also be used to remove tar spots from bare polished lips.

Q²M WATERSPOT

Strong and effective waterspot remover.

CAPACITIES: 500 ML / 1000 ML

PURPOSE: PAINT / TRIM / WHEELS

The biggest advantage of Q²M WaterSpot is its safety on paintwork. Due to inappropriate maintenance, water spots may become an issue on fresh coatings. You can remove the most undesirable defects by using Q²M WaterSpot without the need to polish and, in most cases, re-apply the coating.

Q²M CLAY MILD Q²M CLAY COARSE

Effective and safe way to full decontamination. Safe and chemical resistant clay bars.

CAPACITIES: 100 G

PURPOSE: PAINT / GLASS / TRIM / WHEELS

The traditional clay bar remains one of the most effective solutions available for dealing with heavily ingrained dirt on vehicle paintwork. GYEON introduces two clay bars with different levels of contamination removal – the Q²M Clay Coarse for heavily contaminated surfaces and the daily maintenance Q²M Clay Mild. Both Gyeon clay bars are extremely chemical resistant and may be used with Q²M Iron or Q²M Tar removers, as well as with our highly concentrated Q²M ClayLube.

Q²M CLAYLUBE

Concentrated and ultra-slick clay lubricant.

CAPACITIES: 500 ML

PURPOSE: PAINT / GLASS / TRIM / WHEELS

Q²M ClayLube is totally neutral and developed to work with any type and manufacture of clay bars. It does not affect the clay and remains safe for the most delicate bars. At the same time it does not cause any staining on the paint.

Q²M RESTARTWASH

Restart wash for coated cars. Bring initial hydrophobic properties back.

CAPACITIES: 400 ML / 1000 ML

PURPOSE: PAINT / TRIM

Q²M RestartWash will clean, decontaminate and restore initial properties of coated surfaces. Unlike Q²M Bathe+, it does not add hydrophobicity, but restores the coating. It has the ability to remove ferrous deposits thanks to an iron remover infusion.

Q²M APC

Powerful cleaner for all interior and exterior car surfaces.

CAPACITIES: 1000 ML / 4000 ML

PURPOSE: ALL SURFACES

Q²M APC is a powerful and versatile cleaner for both internal and external purposes. It comes into play everywhere, where dedicated cleaners are not enough.

Q²M PREP

Strong, safe and effective pre-coating degreaser.

CAPACITIES: 500 ML / 1000 ML / 4000 ML

PURPOSE: PAINT / GLASS / TRIM / WHEELS

In contrast to other degreasers available on the market, it not only lifts oily substances and residues of paste or old wax, but is also very capable of solving them, hence their elimination becomes much easier.
