DANGER

Before using this product, please read and understand all instructions and safety warnings carefully. Failure to follow the instructions may result in electric shock, fire or serious injury. Do not discard this information. If the damage is caused by failure to follow the instructions, the warranty does not apply.

! WARNING:

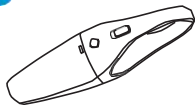

- 1.) Do not use the appliance to pick up combustion or any materials that could catch fire, such as a burning cigarette.
- 2.) Do not cover the air inlet or air outlet when operating the product, otherwise it may be deformed or catch fire due to overheating.
- 3.) Do not use a non-original charging cable to charge the product. If the charging cable is damaged, please stop using it immediately.
- 4.) Do not pull or fold the hose forcibly, otherwise the hose may be easily deformed or damaged.
- 5.) Do not dismantle or short-circuit the batteries. Protect the batteries from fire, heat and direct sunlight.

How to use the vacuum cleaner

- 1.) Please charge the product with a charger before use. After the battery is fully charged, turn on the switch to use it.
- 2.) Different multi-functional accessories can be used on different occasions. When using any one of them, making it flat against the ground will get better cleaning results.
- 3.) There is a fixed switch for dust bins at the front and rear of the power switch. Press to dismount the front cover to clean the strainer.
- 4.) Promptly wash and dry the HEPA filter after using.
