

Commercial Batch Ice Cream Makers

Four models are available: two countertop models and two floor models. The four models; POLA, FIUME, ZARA and RAGUSA are named after beautiful cities of the Istria peninsula and of the Dalmatian coast that used to be part of the Italian Nation for history, culture, language and tradition.

BOWL / BLADE

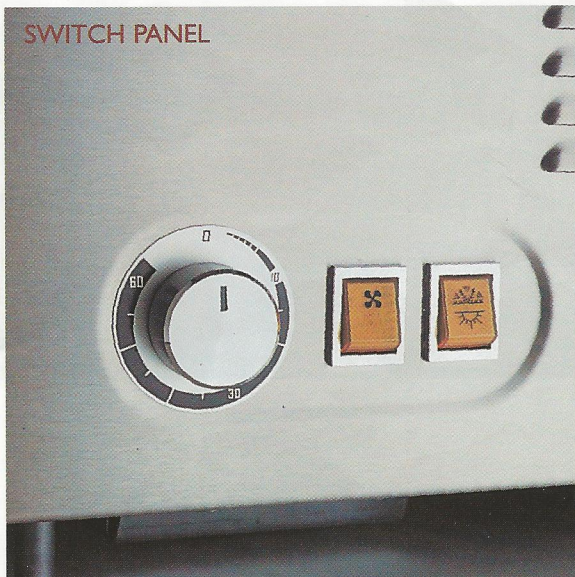

BLADE

Capacities vary by model: POLA 2 Qts., FIUME and ZARA 3 Qts., and RAGUSA 6 Qts. All units can make a frozen dessert in less than 20 minutes. The housing, including bowls, are made of brushed and polished stainless steel with matching stainless steel blade.

SWITCH PANEL

Operation is simplified by the use of a Timer which works in conjunction with Churn and Chill switches.

DRAIN

All models have a non-removable stainless steel bowl for easy cleaning. Model RAGUSA has its own drain incorporated in the bowl.
