

*Quality Preservation of  
Dry Agricultural Commodities  
Long-term storage without pesticides*

---

March 26, 2020

Dear GrainPro partners and colleagues:

During these challenging times, GrainPro is taking every precaution to protect the health and safety of our employees, customers and the communities in which we work.

GrainPro's production facility in the Philippines continues to operate on a reduced schedule with a dedicated team of employees who are taking special measures to practice social distancing, proper hygiene, health monitoring and confined movement.

Globally, our teams in Africa, Asia, Latin America, the United States and Europe are working from home and corresponding with colleagues, customers and partners through video conferencing, phone calls, emails and WhatsApp.

Our supply chain has been largely uninterrupted, albeit with occasional delays.

We are continuing to fulfill all orders that come in. Please expect longer lead times for delivery, but rest assured we will do everything possible to expedite.

I wish you and your families' good health during these extraordinary times.

In gratitude,

Jordan Dey

President, GrainPro Inc.
