ANGLED BROOM MAKES SWEEPING A BREEZE

RVs are a second home and outdoor enthusiasts need to care for them like one, too. Shurhold's Angled Floor Broom helps owners clean up dust and debris, making this task easier and ensuring it doesn't take away too much time from the great outdoors.

The broom's lightweight, compact design is simple to control. Its flared bristles and angled head make it ideal for sweeping out corners or reaching other difficult spots. This broom is useful both inside and outside the RV, including on garage floors, patios or decks.

Part of Shurhold's One-Handle-Does-It-All System, the Angled Floor Broom connects to any of the company's fixed or telescoping handles. Featuring the positive-locking Shur-Lok quick release system, they are constructed from corrosion resistant aluminum.

Shurhold's Angled Floor Broom retails for \$16.98. The company's fixed handles have a starting price of \$6.98, while the telescoping handles start at \$31.98.

Shurhold is dedicated to educating owners on RV value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
