## CLEANING DUO KEEPS RVS IN LIKE-NEW CONDITION

Dynamic duos come in many forms. When used together, Shurhold's Brite Wash and Serious Shine leave an RV shiny and sparkling.

Brite Wash is scientifically formulated to clean fiberglass, clear coat, metal, rubber and painted surfaces. It removes dirt, grease, salt and other contaminants without dulling a finish or stripping wax or polish. This concentrated formula resists water spots and is environmentally smart. Brite Wash can also be used on motorcycles, cars, patios and decks.

Ideal for use after a Brite Wash cleaning, Serious Shine is the perfect one-step detailer. It cleans, polishes, and protects virtually any solid surface, leaving no greasy, artificial residue. Containing UV inhibitors and anti-static properties, this unique formula provides high-gloss and a UV-protective coating that repels water.

It's great for vinyl seating, dashboards, electronic touch screens, glass, clear coat, wheels and tires. Serious Shine is also useful around the house for mirrors, stainless steel appliances, shower glass doors, windows and solid-surface countertops.

Shurhold's Brite Wash is priced at \$11.98, while Serious Shine is \$17.98.

Shurhold is dedicated to educating owners on RV value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
