## KEEP MOLD AWAY WITH NON-BLEACH CLEANER

Bleach isn't the only way to clean mold and mildew. A safe alternative, Shurhold's Moldaway is excellent for attacking mold, mildew and algae wherever it is found. Unlike bleach, it won't damage the surfaces being cleaned or leave a residue behind.

A scientifically formulated, powdered and oxygenated cleaner, Moldaway is great for removing stains from carpet, fabrics and canvas. It doesn't contain any bleach or chlorine, so it's safe on all colors and fabrics, including vinyl, canvas, plastic, wood and interior and exterior cushions.

Moldaway is also ideal when cleaning drains in sinks and showers prior to putting an RV in long-term storage. Owners simply put a scoop into each drain with a cup of water, let it work for a few minutes and then rinse. This cleaner will deodorize drains without harming the piping. It will also help clean the sump container by oxygenating the sump water, killing mold/mildew spores and other bacteria, safely and without bleach.

A 12 oz. jar of Shurhold's Moldaway costs \$12.98.

Shurhold is dedicated to educating owners on RV value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
