MICROFIBER TOWELS LEAVE SURFACES STREAK-FREE

Streak-free surfaces are easy to maintain with Shurhold Industries' Microfiber Towels. Unlike regular cotton towels that just push contaminants across the surface, these lift and trap dirt, moisture and grease.

Extremely soft, gentle and super absorbent, Shurhold's Microfiber Towels won't scratch delicate surfaces. Each of the towels in the three-pack has a different purpose. The dark blue is super soft for polishing and shining. The yellow towel is extra-strong for washing and cleaning, while the light blue is lint-free for cleaning and wiping glass and mirrors.

Shurhold's Microfiber Towels are sold in a 12-pack for \$49.98 or in a multi-three-pack for \$18.98.

Shurhold is dedicated to educating owners on RV value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
