## NEW COMBO BRUSH WORKS AS HARD AS ITS USER

Cleaning just got more efficient. With Shurhold Industries' Combo Deck Brush, users can wash a boat with just one brush.

The Shurhold combo deck brush is perfect for gentle cleaning along with washing areas that require more effort. When a user scrubs harder, the brush scrubs harder. Featuring longer soft fibers for washing and medium short fibers for scrubbing, as a user pushes down harder on stubborn spots, the stiffer fibers take over.

To help avoid making scratches or marks, the 6" brush has a rubber wraparound bumper. Constructed with a solid wood block, this brush is built for durability.

As with all Shurhold brushes, this combo deck brush easily snaps into any Shurhold handle. With the exclusive SHUR-LOK quick-release system, one handle can be used for a variety of equipment. There are over 40 different attachments.

Shurhold's Combo Deck Brush has a price of \$28.98.

Dedicated to educating boat owners, Shurhold provides key tips for boat value preservation at [www.shurhold.com](http://www.shurhold.com). Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
