## NEW DVD OF BOATING TIPS MAKES A GREAT GIFT

Nearly everyone has had difficulty buying holiday or birthday gifts at some time. For the avid, hard-to-buy-for boater, the new Encyclopedia of Boating Tips enhanced DVD from Shurhold Industries features hundreds of documents to help make time on the water safe and fun.

The disk contains information on everything from anchors to zincs, with over 3 hours of video, plus 1 hour of bonus material. The Encyclopedia of Boating Tips walks the viewer through the details of electronics, trailer use, props, mayday messages, life jackets, engine flushing, cleaning and maintenance and much, much more. It even covers pet first aid. The DVD also provides a host of PDF files, including many links to websites for safety information.

Bonus material includes hundreds of tables and graphics on CPR, Morse Code, boating rules of the road and expert fishing tips. Narrators include a tournament bass fisherman, master boatbuilder, marine surveyor, ASA certified instructor and a world champion taxidermist. Finally, viewers can take a 26-minute trip to the Exuma Cays Land & Sea Park in the Bahamas.

Shurhold manufactures a complete line of premium cleaning tools, skin care products and accessories for the marine industry. The price of Shurhold's Encyclopedia of Boating tips is \$27.95.
