SAVE TIME AND MONEY WITH THE ONE HANDLE THAT DOES IT ALL

Cleaning a rig's exterior can be a back-aching experience without the right tools for the job. Making basic maintenance tasks easier and more efficient, Shurhold's One-Handle-Does-It-All System positively locks quickly and easily with more than 40 different attachment heads.

With the SHUR-LOK pin/spring-release mechanism ensures accessories, such as brushes, squeegees, mops, scrubbing pads and boat hooks won't spin or pop off during use. Changing from one accessory to the next is as easy as pushing a button.

All Shurhold handles are made of high-strength, corrosion-resistant, lightweight aluminum. Fixed-length handles with standard yellow grips come in four sizes: 13", 30", 40" and 60".

Shurhold's Telescoping handles provide excellent versatility by locking at different lengths for various needs. They come in two sizes. The 6' handle locks at four lengths between 40" and 72", while the 9' handle locks at five lengths between 60" and 108".

To get those hard-to-reach areas, there's even a 30" handle extension, which adds 30" to any of the handles. Shurhold's premium Deck Brushes features an angled head and flared bristles. They're available in extra-soft to stiff.

Super Absorbent and General Purpose mops help clean large surface areas. The stainless steel Squeegees are available in four sizes, helping to produce a streak-free windshield and windows.

Shurhold's One-Handle-Does-It-All System has a starting price of \$6.98 for a fixed handle.

Shurhold is dedicated to educating owners on RV value preservation. Inventor of the One-Handle-Does-It-All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
