SHURHOLD HANDLE IS UNLIKE ANYTHING ELSE IN THE MARINA

With over 40 attachments, Shurhold's One Handle Does It All System is likely the most useful tool a boat owner can have on board. As eminently capable as it is, the premium Fishing Series Handle adds a distinctively elegant appearance, unlike anything else in the marina.

Shurhold's Fishing Series Handle looks like a custom, handmade fishing rod. It has a gleaming black finish with decorative lacquered gold trim and threadwork. Extra-long foam provides a comfortable gripping surface.

Made in the USA with the same heat-treated anodized aluminum as its original high-strength handles, Shurhold's Fishing Series Handle is available in three sizes: a 5' fixed-length, a 6' telescoping model that collapses down to 40" and a 9' version that stows at 60". They cost \$84.98, \$74.98 and \$84.98, respectively.

With the One Handle Does It All System, accessories quickly and easily snap on and off to tackle a wide range of jobs. Boat owners can work efficiently, switching from one tool to the next with the press of a button. A video is at bit.ly/1P0yi2B.

Dedicated to educating boat owners, Shurhold provides key tips for boat value preservation at www.shurhold.com. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
