NEW SHURHOLD DECK MOPS SIMPLY WON'T SCRATCH

Shurhold's new 60" and 72" Water Sprite Deck Mops have fixed wooden handles that simply won't scratch if accidentally rubbed against paint, chrome, vinyl or powder coating. Half the price of comparable aluminum-handled deck mops, their hyper-absorbent synthetic chamois heads soak up massive amounts of water to quickly dry an RV.

The handle is made from environmentally-friendly and incredibly strong bamboo with a durable, smooth enamel finish. Because of its light weight, it's easy to use the Water Sprite Deck Mop for long stretches.

The Water Sprite Deck Mop head is made up of a generous number of 2-7/8" wide strips of PVA chamois that soak up and hold a huge amount of water without leaving streaks behind. It won't mold or mildew, so it can be stowed without being completely dry. It's built semi-rigid for use vertically.

The 60" Water Sprite Deck Mop is ideal for sides of RVs. For extended reach across a coach top, the 72" version is perfect. Both sizes cost \$54.98. A video is at bit.ly/33ER6Ni.

Shurhold is dedicated to educating owners on RV value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
