

PROTECTING YOUR INVESTMENT... ONE TRUCK AT A TIME!

CERMA
ADVANCED LUBRICATION
with STM-3® 'Run Clean' Technology

GIVE US YOUR "OLD DOG"!

Start with the oldest vehicle in the yard. Cerma has made it easy to get that "old dog" back up and running. Choose between our FREE DRUM package or our FREE TREATMENT package, and for the price of a drum of oil, Cerma will bring that older vehicle back from the dead, save money with Cerma Motor Oil, and protect like no other oil or engine package sold anywhere.

From a Cerma User:

I own a trucking company and have been amazed at the results of the semi-package. I purchased this because my older Series 60 Detroit was smoking badly, particularly when off the throttle. Even though overhauled only about a year and a half ago the exhaust has always been smelly and the start up smokes very badly—everything has improved to such a degree it is astonishing, everything runs silky smooth. Thank You! Tom Hoover Trucking Inc.
