

ILLUMABEZEL™

(P/N CV-4850 - CV-4853)

Fits: 98 - 06 Road Glide Fairings

Instructions

1. Remove clear headlight cover and outer fairing (See Section 2-97 (FLTR) in your Harley Davidson® Service Manual).

Note: Wire harness comes with 3 & 6 pin connector. Use appropriate plugs for your application.

2. Locate front turn signal connector plug or plugs and disconnect front turn signals.
3. Plug the male end of the new wire harness into the 6-pin or 3-pin connector on the main wire harness. If you elect to use your existing turn signals in conjunction with the Illumabezel™, plug the 6-pin or 3-pin connector from your turn signals into the female plug on the new wire harness.

NOTE: If using the Illumabezel™ turn signals only, you will need to purchase a load equalizer (P/N CV-4821) separately.

4. Route the long black wire leads between the back of the headlight and the fairing on the right and left side. The lead with the black & brown wire is the right side, and the lead with the purple & black wire is the left side.
5. Reinstall outer fairing (See Section 2-97 (FLTR) in your Harley Davidson® Service Manual).
6. Plug the leads into the lights on the Illumabezel™ and snap the Illumabezel™ into place. **Top first, then bottom.**

Our Warranty Policy

Cycle VisionsSM obligation under "Our Warranty Policy" is limited to one (1) year from date of purchase to repair or replacement of the defective item (s). Chrome, polished, powder-coated, anodized finishes, or electrical parts are limited to thirty (30) day from date of purchase.

This warranty will be void on all products that show evidence of misapplication, improper installation, abuse, lack of proper maintenance, negligence, or alteration from their original design.

The consumer will be responsible for removing from the vehicle any defective item (s), transportation costs prepaid and for reinstallation upon return by Cycle VisionsSM. The loss of use of the product, loss of time, inconvenience, commercial loss or consequential damages is not covered. Cycle VisionsSM reserves the right to change the design of any product without assuming any obligation to modify any product previously manufactured. Warranty returns of Cycle Visions™ products are few because of our high quality products.

Carefully inspect all parts.... If you find that your parts arrived in damaged conditional all original packaging material (box and other materials) must be saved to make a proper damage claim within seven (7) days. You must be able to present the damaged boxes and materials to the freight carrier to verify your claim. The user shall assume all legal, personal, injury risk and liability and all other obligations, duties and risks associated therewith.
