

CRAWLING PESTS (SUCH AS: ANTS, BOOKLICE, CARPET BEETLES, CENTIPEDES, CIGARETTE BEETLES, CLOVER MITES, COCKROACHES, CONFUSED FLOUR BEETLES, CRICKETS, DRUGSTORE BEETLES, GRAIN MITES, GRANARY WEEVILS, MILLIPEDES, RED FLOUR BEETLES, RICE WEEVILS, SAW-TOOTHED GRAIN BEETLES, SILVERFISH, SOWBUGS, AND SPIDERS): Apply as a crack and crevice treatment into cracks and crevices in all hiding places, including but not limited to, behind baseboards, sinks, cabinets, meter boxes, door frames, windows and closets. Apply as a spot treatment or general surface application to breeding areas, nesting sites, hiding places and other places where listed pests may be found.

BED BUGS: Remove linens and wash before reuse. Take bed apart and treat cracks, joints and interior of framework. Treat mattresses and box springs; especially tufts, folds, and edges. Also treat picture frames, baseboards, moldings and all cracks and crevices in the room. Allow to dry before remaking bed. Do not use in patient rooms in hospitals and nursing homes for treatment of bed bugs. To treat furniture, such as couches and upholstered chairs, turn the piece upside down, lift the dust cover from the bottom and spray the interior frame. Replace the dust cover after frame treatment and turn piece right side up.

FLEAS AND TICKS ON SURFACES: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Adult fleas and larvae contacted by spray will be killed. Put fresh bedding down once spray has dried. **DO NOT** spray animals directly. For best results, pets should be treated with an appropriate product before allowing them to return to the treated area. Make sure that all floor (rugs and carpets), are sprayed where infestations are bad.

OUTDOOR TREATMENTS

LISTED PESTS ON OUTSIDE SURFACES OF BUILDINGS: Spray foundation of building where listed pests are active and may find entrance up to a height of 2 to 3 feet. Apply as a residual spray to outside surfaces of buildings where listed pests tend to congregate. Spray areas such as screens, window frames, eaves, porches, patios, garages and refuse dumps. Spray infested surfaces of patio or picnic areas, hitting as many listed pests as possible. Also, spray legs of tables and chairs to repel ants.

ANTS: Apply to ant trails, around doors and windows and other places where ants may be found.

FLYING AND STINGING LISTED INSECTS: Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, light fixtures and cords, railings, etc. where these insects may rest. Listed pests coming to rest on treated surfaces will be killed.

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store upright at room temperature. Do not store near heat or open flame. Store in an area away from children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not puncture or incinerate! Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.

LIMITATIONS OF LIABILITY: To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use or handling of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid or at Control Solutions, Inc. election, the replacement of product.
