

Vector-Ban Plus

Multi-Purpose Insecticide

Vector-Ban Plus contains 10% Permethrin and 10% Piperonyl Butoxide. Vector-Ban Plus is for use in automatic misting systems, outdoor band applications, indoor applications, crack & crevice, ULV & space spray, and on listed animals. Vector-Ban Plus controls mosquitoes that transmit the West Nile Virus, Flies, Gnats, Wasps, Fleas, Cockroaches, Bed Bugs, Spiders and many more nuisance insects. Since Vector Ban Plus is water based, it will not harm most common ornamental plants and shrubs, so it is safe for use in backyards near lawn and landscape areas.
