

Purl Stitch

Purl stitches are used to add variation to your projects. There are over 100 different knit and purl combinations to make all kinds of designs. Once you have learned the basic e-wrap, mastering the purl stitch is a great next step in loom knitting.

Purl Stitch Video: <https://www.youtube.com/watch?v=1EEuhHIqxg8>

The purl stitches are created one stitch at a time rather than working with multiple rows on the loom.

1) Lay the yarn across the peg underneath the wrapped row as shown in the picture.

2) Using your pick, go down through the top loop and pick up a loop of yarn. Pull the yarn through the top loop to create a new loop in front of the peg as shown.

3) Lift the entire stitch off the peg and put it behind the post.

4) Now take the protruding loop that you just created and place it over the peg and pull gently to secure it to the post. You have just completed a purl stitch. Repeat for as many purl stitches as desired.

A New Twist to the Ordinary Hat

note: pattern abbreviations shown below

(K20) Knit 20 rows

Pull up first row to make folded brim.

(K5) Knit 5 rows

(P5) Purl 5 rows as described below.

(K5) Knit 5 or more rows

(P5) Purl 5 rows

(K5) Knit 5 rows, knit off, cinch & tie.

Simple & Fun Knit and Purl Combinations:

Ribbed Stitch (great for brims)

K1 P1 all the way around the loom

Basket Weave Stitch (need a loom with peg # multiples of 4 ie 40,44 48)

K4 P4 all the way around the loom 4 rows

P4 K4 all the way around the loom 4 rows

Ribbed Brim
Basket Weave Body

Free Pattern by Malissa Bise available here:

Garter Stitch (Great for brims or edges on blankets to stop rolling)

Created when you do an entire row of knit followed by an entire row of purl.

Row 1: K

Row 2: P

Row 3: K

Row 4: P

There is a great short cut to combine these two rows into one time around the loom.
