41528 | Swivel stool (wood)

Trend : Industrial

Raw Beauty

The search is over! It's the stool you've always dreamed of—the perfect balance between form and function. Of course it has all the practical details you're looking for in a stool: a comfortable seat, sturdy footrest, and relatively compact size. But there's also no scrimping on style, especially with the handsome cross back.

- Ultra-sturdy steel frame
- Distressed solid wood seat (birch)
- Metal backrest
